6	<b>How to Avoid cyber bullying?</b>	to avoid cyberbullying you shouldn't accept everyone that wants to be your friend on certain websites, you shouldn't talk to strangers on websites or even give them your email or number and you should also be careful when you give your number out to certain people.		
7	<b>Why do people cyber bully?</b>	I think people cyberbully other people because they are afraid to do it personally so they hide behind a computer and also because they feel stronger and better about themselves when they do that.

10	<b>Ending</b>	Cyberbullying is a serious problem and everyone needs to work together to stop this crime. It can start off as a game but end up as a crime.
